HEALTH

What's Going On at Star Valley Health?

DAN ORDYNA, CEO

“Take a look inside for news about **NEW PROVIDERS**, **CANCER CARE**, **EMS SERVICES**, **ROBOTIC TECHNOLOGY**, and more. We're dedicated to meeting the healthcare needs of you and your loved ones.”

“Star Valley Health provides **vital healthcare services as well as jobs and economic stimulus**. We're always working to improve the care we provide, and this year we'll implement a **new electronic medical records system** to improve your overall experience. We will continue to provide you and your family the **very best care possible**.”

~ DR. ANDREW ORTON
CHAIR, BOARD OF TRUSTEES

Did You Know?

YOUR TAX LEVY

About **6%** of your property tax goes to Star Valley Health. Last year, that equaled **\$885,000**. These funds provide care for those in our community who are unable to pay and help fund our EMS services. Thank you for your support!

SECOND LARGEST EMPLOYER

Star Valley Health is the second largest employer in Star Valley. In 2022 we paid **\$37 million** to more than **500 employees** – your family, friends, and neighbors.

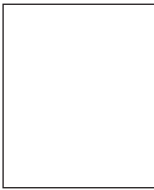

SERVING YOU THROUGHOUT WESTERN WYOMING

Wherever you live or travel in western Wyoming, we're there to care for you: Afton, Alpine, Cokeville, Evanston, Jackson, Kemmerer, Lyman, Riverton, Rock Springs, and Thayne.

STAR VALLEY HEALTH

901 Adams Street
Afton, WY 83110

MyChart Patient Portal Coming

This summer we're converting our electronic health record to Epic, the nation's most respected patient management software. Through your MyChart patient portal you'll be able to:

- Schedule medical appointments
- View your health summary
- View test results
- Renew prescriptions
- Access trusted health information resources
- Communicate electronically with your medical team

MyChart

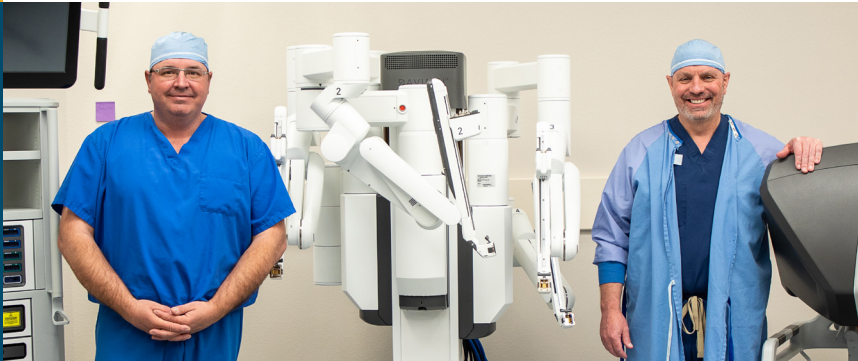

Watch for more information about how MyChart can help you manage your health.

WE'RE HIRING!

You'll hear the same sentiment echoed throughout our staff. At Star Valley Health, our team is like family. Ready to bring your skills to the table?

We offer an array of benefits designed to help you thrive and grow in your field, including:

- Flexible schedules and PTO
- Competitive pay
- Health, dental, vision, and life insurance
- Retirement plan with company match
- Tuition reimbursement
- Opportunities for career advancement

Providing Surgical Excellence with Robotic Technology

Last year we brought our surgical services to a whole new level with the addition of two robotic surgical systems: the da Vinci Surgical System and ROSA, an orthopedic robot for total knee replacements.

Robot-assisted surgery can bring a host of benefits, including:

- Smaller incisions
- Less pain
- Faster recovery
- Minimal scarring

With these innovative tools, your surgeon will guide the robot to make movements with great precision, while the robot's cameras and sensors help your surgical team map out your procedure with enhanced accuracy.

Talk to your provider to see if robot-assisted surgery is right for you.

Obstetrics

Welcoming Star Valley's Little Ones with Excellent Obstetrics Care

We provide our moms-to-be with private labor and delivery suites, along with extensive L&D care.

"We have top-of-the-line equipment, rooms, and diagnostic imaging," says Tori Probst, Chief Nursing Officer and Nursing Home Administrator. *"Patients and their families will be cared for by the same dedicated obstetrics team throughout their stay."*

Dr. Todd Haderlie and Dr. Christian Morgan are accepting obstetrics patients, and this spring Dr. Donald Howser, a specialist in obstetrics and gynecology, will join our team.

Oncology and Infusion

Supporting You on Your Cancer Journey Here in Star Valley

We're committed to providing you and your loved ones with exceptional care, close to home.

At our Oncology and Infusion Center you can receive your chemotherapy treatments right here in Star Valley.

Plus, through our telehealth oncology program you'll be able to meet via video conference from our infusion center with regional oncologists to discuss treatments and progress. Along with your local physician and our incredible infusion specialists, you'll have extensive support as you navigate the challenges of chemotherapy.

We Provide 24/7 EMS Coverage Throughout Star Valley

Receiving timely emergency care is not only important, it can be lifesaving. That's why we're continually building our emergency services to provide help when you need it the most.

Our recent EMS merger combines the strength of Star Valley Health, Thayne, and Alpine EMS into one operation, empowering round-the-clock 911 support.

Says Director of Emergency Medical Services Bud Clark, "Our crews respond quickly and bring life-saving medications, equipment, and skills to your location in order to initiate treatments immediately. Calling 911 provides the best chance of survival for your loved one."

ALPINE CLINIC

BRIDGER VALLEY CLINIC

Expanding Our Services

We've recently expanded our operations in **Alpine** and **Bridger Valley** with new facilities. These two locations provide family medicine and urgent care, along with other specialty services. These two new destinations will allow us to increase our clinical space and further support you in all seasons.

We're also continually growing our team in order to bring high-quality healthcare to the Star Valley community. Meet some of the new doctors who have recently joined our team or will be joining and living in the valley in 2023.
